

Prestashop Module

OIS Bizcraft Payment

User guide

January 2023

Introduction

This module integrates **OIS Bizcraft Payment** into Prestashop.

This version of the module is compatible with **Prestashop 1.7.x**.

Prerequisite

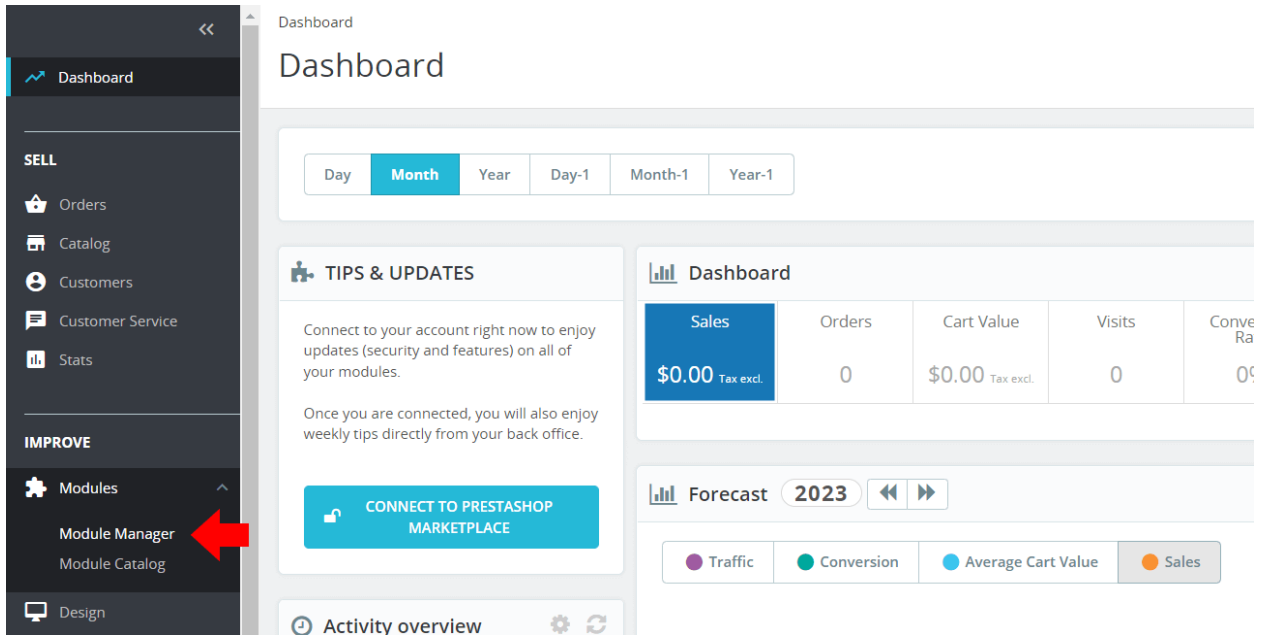

In order to use this module, the merchant will need to

1. be onboarded as an OIS Bizcraft E-Commerce Merchant
2. possess OIS Bizcraft issued CustCode, MID and TID for their e-commerce outlet
3. possess OIS Bizcraft issued secret key

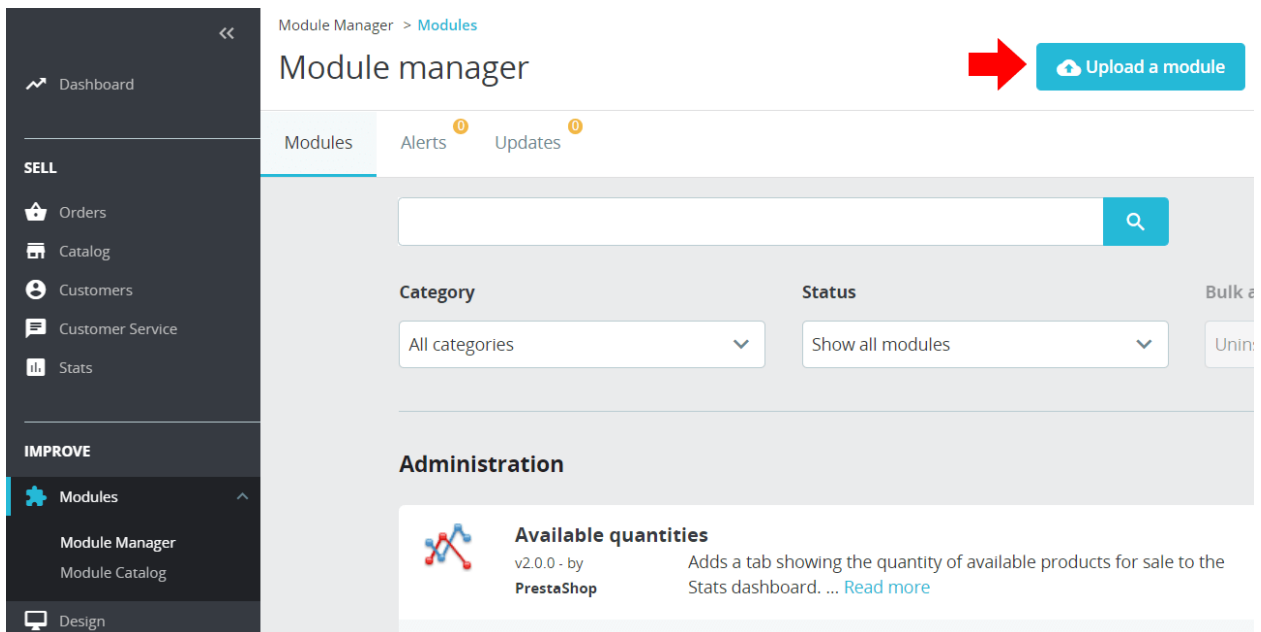

Learn more about [OIS Bizcraft Payment solution](#).

Installation

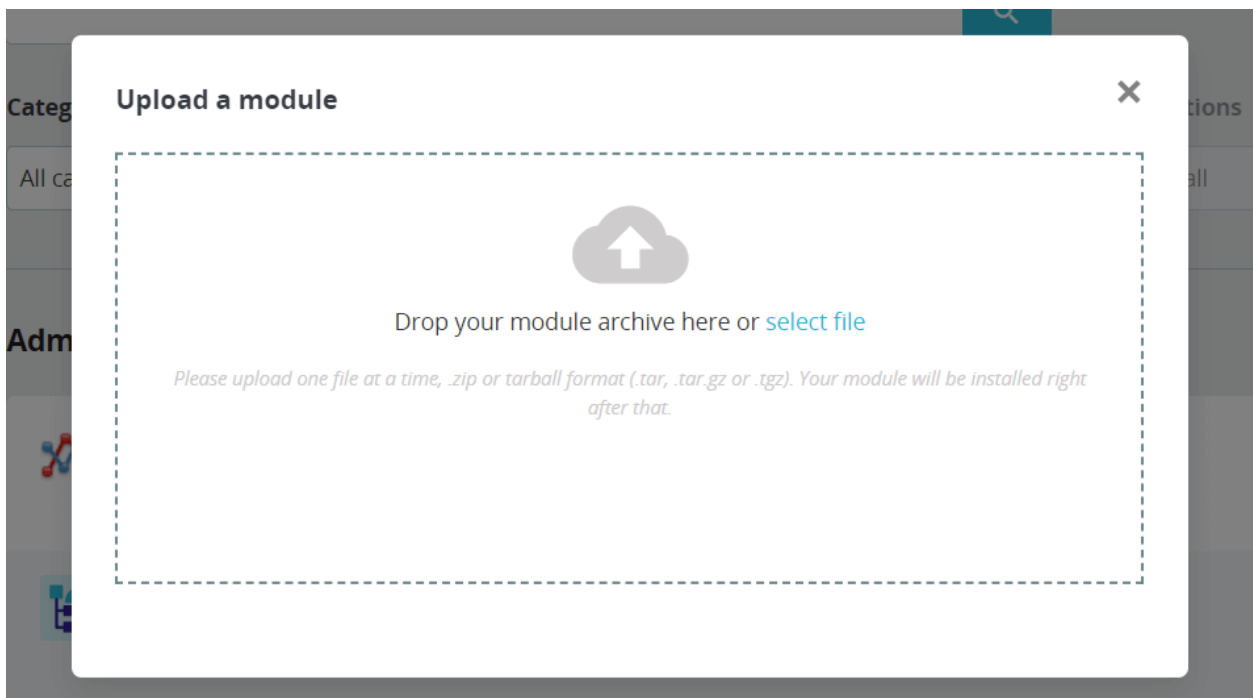

Step 1: Navigate to **Modules > Module Manager**

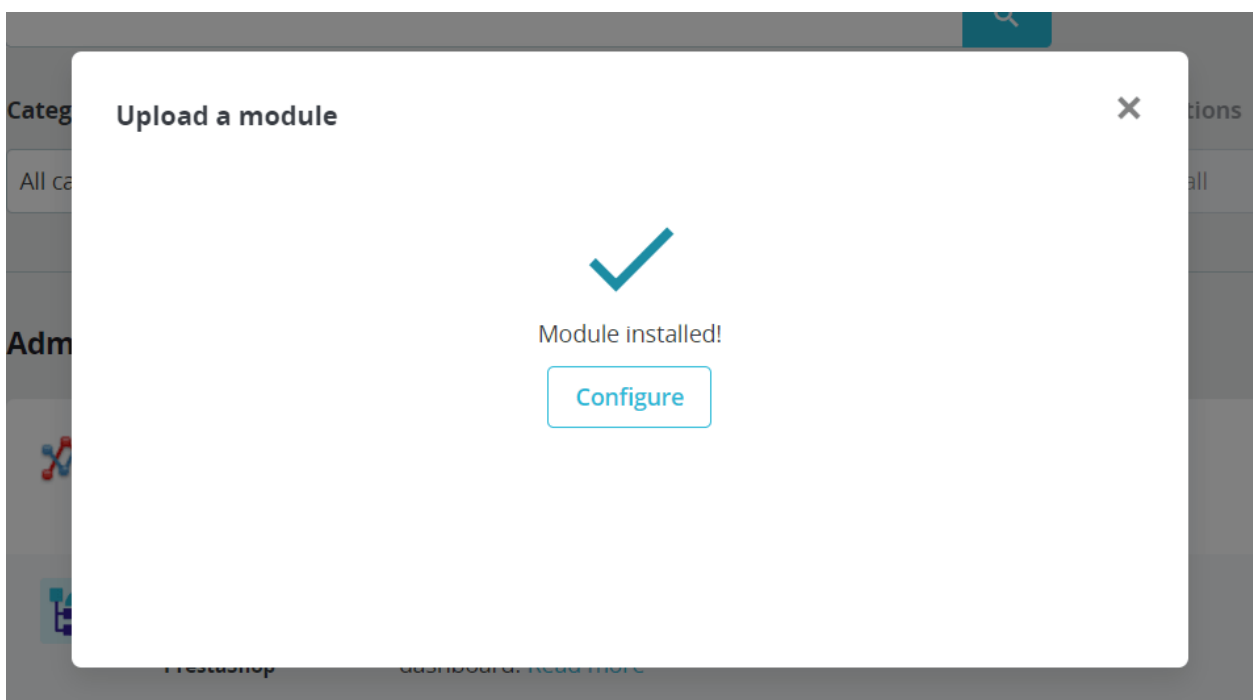

Step 2: Click **Upload a module**

Step 3: Select the module installation file (.zip) and upload

Step 4: Click **Configure** to proceed with the configuration (refer to next section)

Mode Test mode
Use this module in live or test mode

* Secret Key

You will need the Secret Key which can be obtained from OIS Bizcraft after your ecommerce account has been created.

* Merchant Outlet ID

The merchant outlet ID issued by OIS Bizcraft.

* Terminal ID

The terminal ID issued by OIS Bizcraft.

* Customer Code

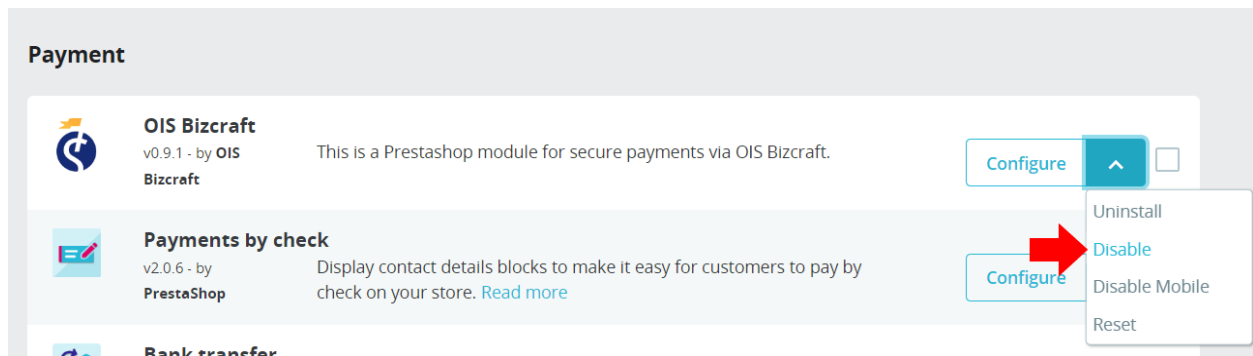

The customer code issued by OIS Bizcraft.

Deactivation

Step 1: Navigate to **Modules > Module Manager**

Step 2: Search for the module

Step 3: Click the **Arrow** icon on the button and select **Disable**

The screenshot displays the 'Payment' section of the Prestashop Module Manager. It lists three modules:

- OIS Bizcraft** (v0.9.1 - by OIS Bizcraft): This is a Prestashop module for secure payments via OIS Bizcraft. It has a 'Configure' button with an upward arrow icon.
- Payments by check** (v2.0.6 - by PrestaShop): Display contact details blocks to make it easy for customers to pay by check on your store. [Read more](#). It has a 'Configure' button with a dropdown menu open, showing options: Uninstall, **Disable**, Disable Mobile, and Reset. A red arrow points to the 'Disable' option.
- Bank transfer**: Partially visible at the bottom.
